We have just returned from the Buzzard Hollow sale in Texas, USA, which was held on the 21st of May. The first BHR Three Sixes progeny were offered for sale. These progeny topped the sale at US\$26,500, and they averaged over US\$15,000. BFP Bolagi was the top priced bull selling for US\$25,000, and will join the famous Agro Zurita program in Brazil; Woonallee owns the Australian rights on this exciting young bull.

BHR Three Sixes was also on display; he is now over 4 years old and still maintains perfect structure, all on a perfect set of feet, which have never been trimmed. He is displaying tremendous depth, length and softness, on a moderate frame 7. His temperament is second to none and this flows through to his progeny. Three Sixes is rated by many top US cattle breeders as one of the best Sires in the Breed today. We have a video of Three Sixes, his progeny, the Buzzard Hollow sale, the Donors used by Woonallee at BHR and BFP Bolagi available. For a copy of this video please contact Woonallee. This video will be free of charge.

We look forward to seeing you.  
Kind Regards

Tom Baker
