Welcome

It gives us great pleasure to welcome you to the 2020 bull and female sale. 2019 has seen us branch out into two new ventures both in Victoria and Queensland. Both sales were a great success and it gives us tremendous confidence in our endeavour to take the cattle to the people.

We are excited to offer this group of bulls and are confident they will appeal to astute cattle producers that are looking for industry leading sires that will increase profitability within their herds. We have had the opportunity to select this group of bulls from large contemporary groups with only the best making the sale. We continue to be heavily critical on our product because at the end of the day we want to sell you the best we have!

One of the most pleasing aspects of the sale catalogue is the amount of bulls out of first calving heifers. These bulls should be some of the strongest genetics we have but also shows how predictable the programme has become. You know you are getting somewhere in your genetic quest when your heifers are producing some of your best sale bulls.

The females, although not big in numbers, are of the highest quality and they are a strong representation from both sides of our programme. Whether you are chasing a new donor, front paddock cow or show heifer you will find plenty to choose from.

We have searched the world for industry leading sires and genetics that have predictability, power and performance while not sacrificing structural integrity. This search and our large herd size have allowed us to maintain the quality while still introducing new genetics to the industry.

We will again open our gates on Monday the 10th of February for the SA Beef Week field day and welcome you to inspect the sale cattle on display. If you wish to inspect the cattle at another time prior to the sale, please feel free to contact us and we will be happy to arrange a time to look around.

Sale Information

HEALTH

Woonallee Simmentals has a JBAS score of 8 and eligible for all states in Australia. Bulls and Females have received both shots of 7:1 and Pestiguard and have been drenched with Eprinex. All sale cattle have been ear notched and tested negative for Pestivirus.

DNA, COLOUR AND POLLED TESTING

All the black bulls have been tested for both colour and poll status with the results indicated in the catalogue. All the traditional bulls have been tested for poll status with the results indicated in the catalogue. All the bulls have been 50K DNA tested and parent verified.

TRANSPORT

Falls transport will be in attendance and is the recommended carrier. Woonallee will deliver free of charge within a 250km radius of Woonallee.

TRANSFERS

All animals are registered with the Australian Simmental Breeders Association and are eligible for transfer. Please indicate on the buyer's instruction sheet if you would like your purchases to be transferred.

BUYER REGISTRATION

Buyers are requested to register with the selling agent prior to commencement of the sale and to display their registration number at the fall of the hammer. The sale will also be interfaced with Elite Livestock Auctions, please see information on page 5 of this catalogue to register.

INSPECTION AND SALE TIMES

Sale animals will be yarded and available for inspection from 9:00am on sale day Thursday, 13th February. Selling to commence at 11:00am sharp. Supplementary sheets available on sale day. Private inspection before sale day can be arranged by contacting Tom Baker on 0428 475 066. All times quoted are SA daylight savings time.

GST

All lots are sold exclusive of GST.

PHONE BIDDING

Please contact the selling agent to arrange phone bidding. Sale Complex number (08) 8734 3118 or contact Ben Finch on 0408 802 760.

REBATES

A rebate of 2% is available to outside agents introducing buyers in writing to the selling agent prior to the sale and settling within 7 days.

INSURANCE

Woonallee recommends insuring all purchases at the fall of the hammer. An insurance representative will be available on sale day to help with this.

GUARANTEE

All cattle sold at Woonallee come with a two year structure and fertility guarantee. In the rare case a bull is found to be infertile or incapable of natural service, Woonallee will refund or replace the bull provided the problem is not caused by injury or disease incurred after taking delivery.

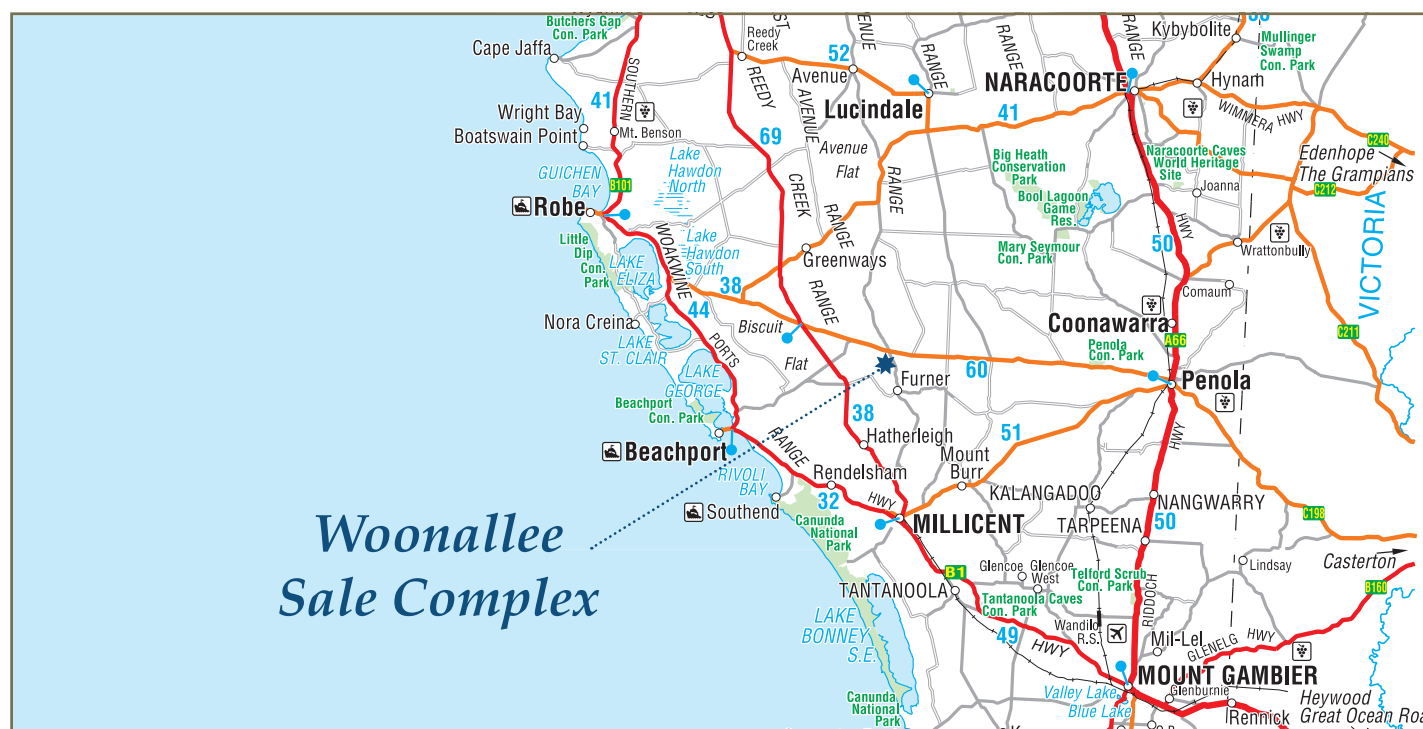

EBV Information

SIMMENTAL GROUP BREEDPLAN

The breedplan values in this catalogue were calculated in the 2018 Simmental Trans Tasman Group Breedplan evaluation. Each reported trait shows an EBV and its accuracy level. The EBV (Estimated Breeding Value) provides the best current estimate of the bull's true genetic merit for that trait, relative to the overall base for the Simmental breed. It indicates how its progeny should perform relative to those of other bulls in the breed. The accuracy indicates how well an EBV predicts the true genetic worth of an animal. The accuracy of an EBV will be higher for traits with a higher heritability and will increase as more performance information on an animal and its relatives become available. The accuracy of an EBV is reported as a percentage. EBV's with higher accuracy will change less than EBV's of low accuracy when more performance records are analysed.

NOTES: It's been a hard decision to offer this bull for sale. Rarely does a bull that offers so much performance meet the stringent demands of structural integrity, phenotype and have a faultless pedigree, Phar Lap ticks all these boxes. Cosmetically ideal with a wonderful skin and hair type Phar Lap has the look of a herd sire that could change a herd in one generation. Polled, perfect feet and extremely docile we are proud to offer him for sale and retain semen for in herd use.

SimAngus

We are again proud to offer this great run of SimAngus bulls, each year the quality grows in this section and we are confident in the genetic predictability this programme offers.

Whether you are after a calving ease option for heifers or a power bull for your cows, you will be sure to find plenty to select from.

This programme has not come about by chance but from carefully selecting the best from both sides of the programme and you will notice we have used only the very best sires to produce these high performance sires.

WOONALLEE BOUNTY HUNTER P33 (PP) (AI) (B)

The Naked Farmer is a social media movement aiming to break down the difficult conversational barriers that often lay in front of people struggling to speak up about what is going on in the inside. By using the liberating combination of nudity and farming, The Naked Farmer is starting conversations about mental health around Australia because at the end of the day, "It takes guts to get your gear off as it takes guts to talk about mental health." Founded by Ben Brooksby on May the 12th, 2017, what started as a cheeky Instagram post exploded into a worldwide phenomenon that has captured the hearts and eyes around Australia and the world.

The community of The Naked Farmer is the most powerful thing of all. All you need is an internet connection and we can all be connected.

We are absolutely honoured to have the Woonallee team standing beside us and supporting everything The Naked Farmer does and the importance of all of us to talk about mental health.

Livestock insurance that fits

In the livestock business, we understand it takes years to breed and produce your stock, which is why it pays to make sure you're protected if the unexpected occurs. Elders Insurance offers a wide range of risk protection options in one policy to cover any livestock enterprise you may be involved in. As we all know, there is always an inherent risk when transporting livestock but many of us forget about the risks while they are in the paddock. With every season and area being different it is important to consider all of the potential risks to your livestock and ensure you have suitable cover in advance for unforeseen circumstances involving your valuable livestock assets.
